Travel Suggestions: To embark on your Glacier Bay Sea Wolf Adventure, you should plan to arrive into Gustavus (GST) on Day 1 of your itinerary. Air fare to and from Gustavus is **not** included in your adventure fare. There are two airlines that offer service in and out of Gustavus, Alaska.

Alaska Seaplanes offers year-round, daily flights. Their summer schedules are published in the spring and offer multiple flight departures between Gustavus and Juneau starting as early as 5:30am and go as late as 7:30pm. Visit their website www.flyalaskaseaplanes.com to view their schedules and prices.

Alaska Airlines seasonally offers one daily flight in and out of Gustavus June - August. Visit their website as flight times can slightly change www.alaskaair.com Alaska Airlines Flight 71 departs JNU around 4pm and arrives in GST around 4:30pm. The first night, pre-embarkation & included in your fare, is arranged for you to stay at the Annie Mae Lodge and includes dinner and transfer to the lodge from the airport. If you would like to spend more time in Gustavus, pre or post adventure, we encourage you to do so! We can help arrange your additional nights in Gustavus at the Annie Mae and invoice you. You must make this request for help with extra nights lodging via email to seawolfoffice@gmail.com While Annie Mae Lodge may have availability for your additional nights' stay, there are other options for Gustavus lodging that include the Blue Heron B&B and the Aramark Lodge located in Bartlett Cove, Glacier Bay National Park. Visit www.gustavusak.com for more info.

Post Adventure Departure: on Day 7 after dis-embarkation, we have arranged a taxi for you to be transported to the Gustavus airport. We recommend that you arrange to depart on Alaska Airlines flight 77 (unless you have made plans to spend more time in Gustavus) departing GST around 5:00pm and arriving JNU around 5:30pm. There are connecting flights out of JNU that continue on to Seattle or Anchorage that same evening – or, some guests might choose to spend some time in Juneau to explore.

Gustavus: Gustavus is located nine miles from Glacier Bay National Park. Gustavus offers great hiking trails, flat scenic bicycling, a gallery and tea shop, and a few gift shops that you can bicycle to or your lodge may take you about as well. There is a grocery store to purchase snacks, food items or gifts as well as a liquor store (limited hours of operation). There is one restaurant in town and one in the park. We can help arrange sport fishing, special whale watching cruises, guided day kayak trips, or guided nature hikes with Sean Nielson a local published photographer (and excellent naturalist) available for full or half day nature hikes with or without photography instruction. Please let us know via email if you would like more information on these activities - we can help you book them.

On Board Beverages: We do serve complimentary beer and wine at happy hour and dinner. The MV Sea Wolf also has a variety of non-alcoholic beverages on board. However, we do not stock commercial soda pops or mixers. If you wish us to add these items please request this at least 3 weeks ahead of your departure.

Transportation:

The Annie Mae Lodge will bring you to the Sea Wolf, docked at Bartlett Cove, by 8:30 am on the morning of your embarkation. At the end of your adventure on Day 7, we will have you at the Bartlett Cove Dock by 1pm, leaving you enough time to explore the Tribal House and Front Country of Glacier Bay National Park before your flight to Juneau. We have made arrangements for TLC taxi to transport you to the airport or lodging which is included in your fare.

For Digital cameras we recommend you bring an extra battery so one can be charging during the day as after 10 pm we close down all generator produced electrical systems. We have reading lights above each bunk that operate on a nighttime inverter. CPAP machines can be powered overnight.

Staterooms:

Hair dryers and eco-friendly soaps shampoos and conditioners are supplied in each stateroom. Linens are only changed during our 10 or longer adventures- we believe in conserving water.

If there is an emergency and you need to be contacted they can call the GBNP Ranger Station. They, in turn, will radio the boat with the information and be our communications go between until we can get into cell range. The Back Country office number is 907-697-2627. Their hours of operation are 8:00 am -4pm, 7 days a week with a 24 -hour emergency coverage.

Gratuities:

Our guests often inquire about gratuities to express their appreciation. All tips are given at the total discretion of the guests and are greatly appreciated by the crew. As a general guideline current standards suggest 10-15% of the cost of the per person fare. Tips can be given to the Captain, preferably in cash, and is divided equally amongst the crew. An envelope and adventure evaluation will be provided to you at the completion of the adventure. If you prefer to use personal checks to tip - you may choose to write a check to each of the five or six crew members.

SEA WOLF ADVENTURES

7-DAY/6-NIGHT GLACIER BAY ITINERARY 2021

Day 1: Saturday - Arrival into Juneau and air transfer to Gustavus – by either Alaska Seaplanes or Alaska Airlines, arranged by you. Alaska Seaplanes www.flyalaskaseaplanes.com offers many daily flight options between Juneau and Gustavus from 5:30am to 7:30pm (depending on the season). June through August Alaska Airlines offer flight 71 departing Juneau (JNU) around 4pm and arriving Gustavus (GST) around 4:30pm. Annie Mae will pick you up upon your arrival and transport you back to their beautiful lodge where a delicious dinner will be served by 6:30pm. Earlier-in-the-day arrivals are welcomed too – the Annie Mae Lodge has bikes to enable you to explore this beautiful little southeast Alaska town by peddle and wheel! D

Day 2: After breakfast, the Annie Mae will bring you to Bartlett Cove by 8:30 am to board the Sea Wolf. We will assemble in the main salon for introductions and an orientation to discuss safety, boat layout and amenities, and details regarding your Alaskan adventure. We will cruise up bay to Geike Inlet for our first paddle. Along the way, we will have a kayaking introduction and lunch. After lunch, we embark on a kayak outing. Geike is a beautiful fjord that may offer a glimpse of black bears, wolverines, mountain goats and a large variety of seabirds and ducks. Once back aboard, we will cruise to our evening anchorage a few hours up the bay—a cruise filled with incredible vistas, wildlife on the beaches and possibly acrobatic whales in the waters. Along the way we will learn about the natural history of Glacier Bay, some of the research projects that the park is conducting and of course about the plentiful sea and wildlife. Dinner is served aboard the Sea Wolf and this will be our evening anchorage - watching the sun set over Glacier Bay. B L D

Day 3: Breakfast at 8:00 am and then we are off for a hike to Reid Glacier for an up-close view of this glacially carved landscape. An easy hike up the mountain, down the beach and fording a few glacial streams will bring us to the face of Reid Glacier. Here we will learn about glaciers geology, plant and animal succession and explore among the grounded icebergs. We hunt for ice worms and, for those so inclined, scoop up some mineral-rich glacial clay to enjoy it's purifying powers to your pores: a glacial facial. On our inter tidal walk back, we look under rocks to discover what the bears feast on during low tide, brown bears, wolverine, small mammals and harbor seals and other creatures all live in this area. Lunch is served underway as we head to Tarr Inlet where the Grand Pacific and Marjorie Glaciers cascade into the water. Once at our destination, we will enjoy a magical paddle along a sheer cliff rookery of Kittiwake and Puffins and then venture out in front of Marjorie Glacier/Johns Hopkins for a breathtaking experience as we watch an active calving glacier, from a safe distance. Once we are back on board we will cruise through Russell Cut looking for wildlife on our way to our evening anchorage. B L D

Day 4: After an 8 AM breakfast we will be off to Gloomy Knob looking for Mountain Goats and other wildlife. If conditions permit, we will have a morning botany hike up Gloomy Knob for incredible views of the bay. Then off to an afternoon paddle at one of our anchorages that bring us close to the East Arm entrance. BLD

Day 5: Breakfast at 8:00 am as the engines are started we will make our way up Muir Inlet, the East Arm of Glacier Bay. Our activities here depend on wilderness water opening/closing dates. We will go on a memorable hike by McBride Glacier with a paddle either up to Riggs Glacier or from Muir Glacier to Riggs. These shorelines contain a great variety of shore birds, vistas and hold the possibilities of seeing bears, wolves and moose. Then once back to the boat we are off to our evening anchorage and dinner. Note: Options for this day are Dundas Bay, George Island and Idaho Inlet based on weather, park closures and wildlife. BLD

Day 6: Breakfast at 8 am. If the tides are right we will enjoy a morning paddle at North Sandy and if not, we will head down bay to another pristine paddle area. North Sandy Cove is a very rich ecosystem that supports black bears, moose coyotes, and a plentiful marine environment. We kayak around the shores scanning for Black Bears and Moose then paddle over to Puffin Island for a truly wondrous look at a low tide vertical inter tidal zone. This zone is home to hundreds of sponges, periwinkles, whelks, sea stars, sea cucumbers and urchins - just to name a few of the species who literally hang here awaiting the return of the high tide. Back on board the Sea Wolf we will head to South Marble Island to view a large Stellar Sea Lion Haul Out and a seabird-nesting rookery from the Sea Wolf. Then we cruise onward to Fingers Bay. BLD

Day 7: Breakfast at 8:00 am then we are off to Point Adolphus to look for more spectacular and acrobatic humpback whales. Our day is spent watching these magnificent creatures. Around 12:00 we will head back to Gustavus for a 1 pm docking. We will then have a walking tour of the Huna Tribal House and exhibits. TLC Taxi will then transport you to the airport for the departing flight you have arranged, unless you have made plans to spend more time in Gustavus. BL

These itineraries are subject to change based on park area closures/openings, permits, weather, travel conditions and wildlife movements. Glacier Bay is a vast park with many spectacular fjords. We may also journey outside the park to the Tongass National Forest or the beautiful Outer Coast Island's. We try to be where we should see whales, bears, sea lions, eagles, wild flowers and soaring landscapes but the anchorage may change dependent on the above. Other destinations may include Dundas Bay, Sundew Cove, Sebree Cove, Idaho Inlet, the East Arm and the Islands. Many times, we are following the wildlife as they move with their food source so we like the flexibility so we can have the greatest viewing possibilities.

PACKING LIST

Because you are potentially traveling in small planes and staterooms we suggest you pack lightly using a soft-sided duffle type luggage. **The most important clothing you can bring is good rain gear, over the calf rubber boots and comfy layers of clothes to wear.** All of our landings are wet landings. A few hikes can be dry once on the land. You can choose to wear good hiking shoes/boots with waterproof NEOS Trekkers over them in case we ford streams if that suits you better than boots. We do have NEOS Trekkers and rubber boots on board that you may borrow. There is never bad weather in, Alaska only bad gear, so bring the best you can obtain. Shampoos conditioner, soap and blow dryers are provided.

	Rain jacket with hood or hat, Good quality! Everyone should bring these!
	Rain pants, Good quality! Everyone should bring these!

	Sun hat (one with a rim) waterproof would be good, too!
	Warm hat & warm gloves or ear covers (if you prone to being cold). Liners for our rubber kayaking gloves are great.
	Day Pack to carry your gear for longer hikes or kayaks.
	Water Bottle (we do sell these on board)
	Camera, Extra batteries, storage devices and cables. You will take a lot of pictures.
	Waterproof camera bag, or plastic zip lock bag, not Velcro as the noise scares the bears!
	Binoculars: Waterproof and fog proof. Nikon Monarchs are a great choice for wildlife watching.

If pop is a necessary, part of your diet please let us know several weeks a head of time. This is not a complete list for packing! If you do forget something, there are stores in Juneau and Ketchikan but only one in Gustavus. Bring everything you need!
